Fields of Starlight

For Piano and Voice
(Any Range, 1 Performer)

Fields of Starlight - Hayden Stacki

Duration: ca. 3' 30"

Performance Notes:

The vocal part may be transposed up an octave if necessary

Slight rubato is allowed and encouraged

Pedal use is up to the performer except when marked

Accidentals carry through the measure, but only apply to the octave they are attached to

The written dynamics are meant only as a general guide - additional expression within

these dynamic levels is encouraged. These dynamic markings are also relative - no

part of the piece should be "loud", the forte is just there to show the "loudest"

moment of the piece

Fields of Starlight was premiered by Steven Naylor on February 7, 2021 at Bowling Green State University.
